International Journal of Coal Geology, 9 (1988) 403–404
Elsevier Science Publishers B.V., Amsterdam – Printed in The Netherlands

Contents Volume 9, 1987/1988

Special Issue

MARIE-THERESE MACKOWSKY MEMORIAL ISSUE

EVAMARIE WOLFF-FISCHER (Editor)

Preface vii
In memoriam: Marie-Therese Mackowsky
M.-U. Otte 1
Publications of Marie-Therese Mackowsky
E. Wolff-Fischer (Essen, F.R. Germany) 4
Contribution à l'histoire de la pétrologie des charbons. Naissance du Comité International de Pétrologie des Charbons et de son lexique (Contribution to the history of coal petrology. The origin of the International Committee for Coal Petrology and its handbook)
R. Noël (Liège, Belgium) 11
Coal petrography in the Ruhr hard coal industry
R. Kutzner (Essen, F.R. Germany) 45
The combined maceral-microlithotype analysis for the characterization of reactive inertinites
K. Rentel (Herne, F.R. Germany) 77
Coal and coke petrographic investigations into the fusibility of Carboniferous and Permian coking coals
C.F.K. Diessel (Newcastle, N.S.W., Australia) and
E. Wolff-Fischer (Essen, F.R. Germany) 87
Hydrogenation behaviour of coal maceral association
M. Steller (Essen, F.R. Germany) 109

Research Papers
Petrology of Tertiary and Cretaceous coals of southern Alaska
R.D. Merritt (Fairbanks, AK, U.S.A.) 129
Factors affecting the magnetic susceptibility of baked rocks above a burned coal seam
R.L. Hooper (Eau Claire, WI, U.S.A.) 157
Assessment of major and minor elements in the Northumberland Coalfield, England
G.O. Asuen (Benin City, Nigeria) 171
Petrographic, chemical and trace-elemental composition of the coal of Sohagpur coalfield, Madhya Pradesh, India
H.S. Pareek (Faridabad,India) 187
The variation in thickness of palaeocurrents — A case study from the Raniganj Coalfield, West Bengal, India)
R. Ghosh (Dhanbad, India) 209
The West Waterberg tonstein, South Africa
D.A. Spears (Sheffield, Great Britain), P.McL.D.Duff (London, Great Britain) and
P.M. Caine (Johannesburg, South Africa) 221
Studies of peat as the input to coalification, I. Rationale and preliminary examination of polysaccharides in peats
A.J. Lucas, P.H. Given and W. Spackman (University Park, PA, U.S.A.) 235
Studies of peat as the input to coalification, II. Sampling sites and preliminary fractionation
W. Spackman, N.J. Ryan, C.A. Rhoads and P.H. Given (University Park, PA, U.S.A.) 253

0166-5162/88/$03.50 © 1988 Elsevier Science Publishers B.V.

Recognition of vitrinite with non-uniaxial negative reflectance characteristics
W.E. Kilby (Victoria, B.C., Canada) 267
Gondwana coals of Bhutan Himalaya — Occurrence, properties and petrographic characteristics
A.K. Mukherjee, M.M. Alam and S. Ghose (Dhanbad, India) 287
Occurrence of faunal coal balls in Gondwana sediments (Permian) of Arunachal Himalaya, India
Anand-Prakash (Lucknow, India), T. Singh (Dehradun, India) and S.C. Srivastava (Lucknow, India) 305
Controls on peat accumulation in the Permian Vryheid Formation in a part of northern Natal, South Africa
D.L. Roberts (Pretoria, South Africa) 315
Palaeoenvironmental control on coal formation, distribution and quality in the Permian Vryheid Formation, East Witbank Coalfield, South Africa
B. Cairncross and A.B. Caddle (Johannesburg, South Africa) 343
Statistical relationships between pyrite grain size distribution and pyritic sulfur reduction in Ohio coal
M. Mazumdar (Pittsburgh, PA, U.S.A.), R.W. Carlton (Columbus, OH, U.S.A.) and G.A. Irdi (Pittsburgh, PA, U.S.A.) 371
The use of automated coal petrography in determining maceral group composition and the reflectance of vitrinite
Jin Kuili, Xia Jian and Hao Duoho (Beijing, China) 385

Book Reviews
Spontaneous Combustion of Coal and Mine Fires, by S.C. Banerjee (editor) — J.F. Cudmore 397
Acid Rain Control II: The Promise of New Technology, by D. Suitt Gilleland and J.H. Swisher (Editors) — R. Junghans 398
Coal Exploration, Mine Planning and Development, by R.D. Merritt — R.M. Bustin 399
Other publications received: *Coal Preparation*, by J.K. Wilkinson; *World Coal. Economics, Policies and Prospects*, by R.L. Gordon; *Strata Mechanics in Coal Mining*, by M.L. Jeremic; *Use of Computers in the Coal Industry*, by Y.J. Wang, R.L. Grayson and R.L Sandford (editors); *Mineral Resources and Engineering Geology*, by A. Sasaki, S. Ishihara and Y. Seki (editors); *Variational Methods in Geosciences*, by Y.K. Sasaki (editor); *Rock Mechanics for Underground Mining*, by B.G.G. Brady and E.T. Brown; *Prospecting and Exploration of Mineral Deposits*, by M. Kuzvart and M. Böhmer; *Groundwater Monitoring Handbook for Coal and Oil Shale Development*, by L.G. Everett 400
